EDUCATION

Ocean County College

Associate's in computer science

Relevant Coursework: AI, Database Management, Computer Organization, Data Structures

GPA 4.0

Toms River, NJ

Aug. 2024 – Present

Arcadia University

Bachelor of Arts in Computer Science

Relevant Coursework: Problem Solving with Algorithm, Practical Security, Web Development

GPA 3.83

Glenside, PA

Aug. 2023 – May 2024

PROJECTS

AI Resume ATS | *React, Next.js, TypeScript, Tailwind CSS*

July 2025 – August 2025

- Developed a full-stack application to process and analyze digital resumes with AI-driven keyword scanning
- Implemented PDF parsing, data extraction, and validation systems to ensure high-quality input accuracy
- Designed a responsive, user-friendly interface emphasizing clarity and accessibility

MERN Income Expense Tracker | *React, Express.js, Node.js, MongoDB*

May 2025 – July 2025

- Built a data tracking platform for secure record management using structured database models
- Ensured accurate entry and retrieval of user financial records through RESTful API endpoints
- Deployed production-ready web app using Git-based CI/CD and verified input integrity

Last Stand: Unity 3D Game | *C#, Unity3D, .NET, Blender*

May 2025 – July 2025

- Engineered a 3D zombie shooter with procedural wave generation and optimized rendering performance
- Architected scalable gameplay systems featuring adaptive AI, modular weapon logic, and event-driven interactions
- Implemented efficient pathfinding algorithms and maintained comprehensive code documentation.

WORK EXPERIENCE

Walmart – Overnight Stocker

August 2025 – Present

Freehold, NJ

- Restock and organize merchandise with speed and precision, ensuring correct placement and inventory accuracy.
- Maintain exceptional attention to detail and uphold quality standards in a fast-paced, deadline-driven environment.
- Quickly learn new systems and layouts to adapt to nightly priorities and maximize team efficiency.
- Collaborate with supervisors and peers to achieve stocking goals, maintain store readiness, and ensure a clean, organized workspace.
- Operate independently with minimal supervision, consistently exceeding productivity needs and accuracy expectations.

TECHNICAL SKILLS

Systems & Software: Windows OS, Microsoft Office, PC Hardware, PDF Imaging Tools

Programming: JavaScript (Typescript), Python, C, C++, C#, Java

Libraries: React, Node.js, Git, REST APIs, Unity, MongoDB, PostgreSQL

Other Skills: Data Entry Accuracy, Process Documentation, Version Control, Troubleshooting, Data Visualization, UI/UX optimization
